PRESS - RELEASE

November 15, 2021

RussNeft allocated over 110 million RUB in 2021 to achieve carbon neutrality

PJSC "RussNeft" planted about 1 million young trees in 2021. The Company allocated over 110 million RUB for these purposes. The area of forest planting in the Khanty-Mansi Autonomous District was about 227 hectares.

The compensatory tree planting program has been implemented by RussNeft since 2017. More than 400 hectares of the territory of Western Siberia have already been covered.

Reforestation is the leading program of the Company's climate agenda and one of the important directions in the formation of the corporate strategy for low-carbon development.

About the Company:

PJSC "RussNeft" ranks among the top-10 largest oil companies by crude oil production in Russia.

The Company possesses a well-balanced portfolio of assets located in the key Russian oil and gas provinces (West Siberia, Volga-Urals and Central Siberia) as well as in Azerbaijan.
