PRESS-RELEASE

16 August 2017

PJSC “RussNeft” has already allocated over 200 million rubles for environmental activities in the “Ecology Year”

The environmental strategy of PJSC “RussNeft” is tightly linked to the state policy and targets maximal reduction of the environmental impact and rational use of the natural resources.

PJSC “RussNeft” continues to implement environmental activities in the “Ecology Year”. **In H1 2017, the Company carried out nature protection activities in amount of over 200 million rubles.**

In the first 6 months of 2017, the Company’s producing subsidiaries implemented measures for air and water protection, domestic wastes disposal, associated gas utilization, contaminated soil reinstatement to meet the environmental requirements.

Under the approved program for removal of sludge pits, works were also performed at Fedushkinskoye, Grushevoye, Stolbovoye, Roslavlskoye, and Yuzhno-Roslavlskoye fields for an amount of 41.5 million rubles in the reporting period. Totally, around 150 million rubles are planned to be allocated for implementation of the above stated program in 2017.

Besides, 30,214 cubic meters of drilling sludge were recycled into construction materials at Sredne-Shapshinskoye, Verkhne-Shapshinskoye, Tagrinskoye, and Poselkovoye fields in H1 2017.

Zero environmental accidents in PJSC “RussNeft” demonstrates efficiency of the preventative measures taken by the Company. 1750 employees have had HSE training over the company’s assets this year.

About the Company:

PJSC “RussNeft” ranks among the Top-10 largest oil companies by crude oil production in Russia.

The Company possesses a well-balanced portfolio of assets located in key Russian oil&gas provinces (West Siberia, Volga-Urals and Central Siberia) as well as in Azerbaijan.

Total 2P reserves of the Company exceed 200 million tonnes (SPE). The Company’s personnel are around 10,000 employees.
